

Recent Client Feedback

"I really want to thank you for the great job your team did with our Apprentice event. WOW!!! I had a debrief meeting today and the entire team thought that the event was a huge success. We're really going to have to have a lot to live up to the next time around. Thank you for all of your hard work, as well as your team that was on-site for the day. I do hope we get the chance to work together again."

Deloitte Management Services LP

"Thank you for doing such a great job for us during the two meetings we hosted last week. Both team building functions went off without a hitch. Your dedication to excellence, commitment, desire and professionalism all came through in your work and we gained from it. Thanks again for a great job."

Freightliner

"You did an amazing job and as you promised everything went fabulously! As our team's expectations are high, we can be very demanding at times, but your ability to roll with the punches was noticed and appreciated."

TransGlobe

"The event was a success. The activities were perfect for this group, the timing worked well, and the staff was professional and well organized. It was great to work with your team down at Disneyland."

The Walt Disney Co.

"The Amazing Race was a great way to see the city. We realized how we work together as the different personalities present themselves in a short period of time. The informal setting was useful."

Google

"We all had a fantastic time during our Amazing Race. We had great dialogue on the way to the Wickaninnish Inn and definitely at the 'Wick' during our business meetings. We also got a chance to bond with our co-workers and establish some rapport. Thank you so much for everything you did to help with our event"

Microsoft

"Your team did an outstanding job today. Our CSI event in New Jersey for L'Oreal R&D was a success. The feedback from the participants was extremely positive. The program was done very professionally, and despite the rain, worked out really well. Thank you to your team for making it a success for us. We look forward to working on additional events in the near future."

L'Oreal

"The teamwork aspect of the CSI event was certainly the best part in my view, giving each person on a team a specific role to play is key because at the end of the event all roles come together for the finished product. As a group, the key benefit was teaming people up who generally do not have the opportunity to work together. Overall the event was run very well and with excellent professionalism."

Home Depot

"Mission: Impossible was engaging and challenging. It really forced the team to think through each task. The benefits were improved team work, bonding and learning how to communicate effectively and also efficiently. One big take away is that no matter how daunting the task you need to keep going and stay positive and work through it. I was very proud of the group that I was with as they exemplified this."

Bayer

"Thank you for helping us create an unforgettable Survivor event at the Winners Circle event at The Sagamore in New York. Your staff did an excellent job in capturing the essence of the Survivor-themed element that we envisioned. Our attendees were in awe when we introduced Tina Wesson, Rupert Boneham, and "Big Tom" Buchanan into the mix. Your team worked hand-in-hand with the Survivors in creating a fun-filled and exhilarating morning that they will never forget. You put together an organized, well-structured, and energetic activity that had everyone laughing and working their hardest to outwit, outlast, and outplay the other teams. I look forward to the opportunity to work with you and your team again soon. Thank you again for everything you did to assist Tillinger's in creating this memorable event."

Tillinger's - A Hospitality Services Company

"The Amazing Race event was definitely well organized and had a good variety to keep it exciting for locals as well as 'out-of-towners'. The overall work dynamic for me (being in Toronto) has improved dramatically as a result of this event. I now have a better working relationship with my counterparts in the Seattle office. Multiple people sent me emails and told me how great the event was and how it was one of the best team building events they had ever attended (always a great thing!!!) I do believe we received value for money, I know that a lot of planning goes into these events. I will certainly help with spreading the word about your great organization! It was definitely a great event!"

Expedia

“The most enjoyable aspect of the Apprentice program was witnessing the energy evolution that took place in the room. Our group really got into the task at hand and started thinking outside of the box and working as a team to achieve a common goal; much like how our co-operative is structured. Feedback from those attending was very encouraging and positive. The team session enabled them to learn from their peers and experience looking at a project from different perspectives. A lot of our members have been in business for many years and doing things “their way”; so the challenge of having to work with and take advice from others may have seemed difficult at first but evolved into a positive and fun experience; this surprised many of them! I feel The Apprentice was well worth the money and I would (and will) recommend American Outback Adventures in the future. Thanks to the entire American Outback Team for a well produced and very entertaining program!”

Modern Sales Co-op

“Let me express my gratitude for this truly perfectly organized event. It was a perfect opportunity to spend an enjoyable day with customers and friends. Everything was well organized, and nobody from our side had to worry much about the event. Instead of doing dry business talks over lunch, this event loosened up the atmosphere considerably and made it easier to tackle some tougher issues afterwards. Equally, it created some good memories for our customers and a common basis to which we can refer to.”

Aviation Handling Services

“This is a good investment for teambuilding. The amount of effort you all put in is very obvious. The staff at each location is definitely what makes you stand apart from the other “scavenger hunt” types that I have seen before.”

Omni San Diego

"I have so many compliments regarding our CSI: LA experience – I could apply every adjective below to each of your team members! Great team player, excellent, definitely an asset to American Outback Adventures, professional, fun, creative, ingenious, quick, attentive, energetic, skilled! A BUNDLE of excellence – I’d feel confident giving American Outback Adventures the reins on any client program!"

LA Inc.

“What I liked most about the event was that it was really interesting to see how people were challenged to step up to the plate and take on more active roles than they may be used to in a professional setting. On the flipside, the same goes for how our upper managers had to take a more backseat role (and some were happy to relax into this) and let others take control. It forced us to step out of our comfort zone and that was good because it helped us grow as a team! Something like this is priceless when you get a group of people who are used to only discussing deals and talking dollars running around like kids again! I will certainly refer anyone I can to you.”

Warner Bros.
